

Adrian Ospina

Frontend Developer

Perímetro Urbano Manizales, Caldas, Colombia

Extract

I am passionate about development, programming and all things related to designing and building in the fascinating world of technology and the web. My focus is Frontend development, and I have experience and knowledge in a variety of essential tools, such as:

🎨 UI/UX design: work with Figma to create attractive and functional designs.

🚀 Web technologies: use HTML, CSS, SASS, Tailwind and Bootstrap to create polished user interfaces.

⚡ Javascript: I use this dynamic programming language to add interactive functionality to my projects.

🌐 Vue.js: I develop Single Page Web Apps (SPA) and Progressive Web Apps (PWA) with this powerful framework.

🔗 Version control: I am proficient with version control tools such as Git, GitHub and GitLab to collaborate on projects and manage my code effectively.

If you're looking for someone who can bring creativity, technical expertise and a strong commitment to quality to your projects, don't hesitate to contact me!

Where service is a priority, quality a guarantee and innovation a constant.

Experience

Frontend Developer: 2 years

Manager and Leader: 7 years

Autonomous: 2 years

Education

Universidad de Caldas

Nivel 12, Lengua y literatura inglesa · (enero de 2017 - octubre de 2018)
